Mark E. Olson, Music Director

Mark Olson, Director of Harvard Band and Wind Ensemble, conducts the Harvard Wind Ensemble and Sunday Jazz Band and serves as advisor to the Harvard University Band. Under his direction, the Harvard Wind Ensemble has premiered *Cumba Cumbakín* by Tania León, and most recently *Big Bertha* by Libby Larsen, both commissioned for the Harvard Wind Ensemble. The Sunday Jazz Band has premiered arrangements of the music of Jim Hall, Tadd Dameron, Hank Jones, James Moody and Lee Morgan. Olson has served as Interim Conductor of the Cambridge Symphony Orchestra, Guest Conductor of the Metropolitan Wind Symphony. He received degrees from Concordia College in Moorhead, MN and the University of Minnesota and is an active trumpet performer as a member of the Metropolitan Wind Symphony and the New Sousa Band.

About the Middlesex Concert Band

The Middlesex Concert Band is a nonprofit community band based in Wakefield, Massachusetts. The band regularly performs concerts across the North Shore and strives to bring affordable entertainment to those communities. Band members include amateur musicians and music educators from throughout Northeast Massachusetts and Southern New Hampshire.

Originally founded in the 1950s as a marching band, the group evolved into a concert band in the spring of 1975 with its first concert at Memorial Hall in Melrose. Since then, it has become one of the area's outstanding community musical organizations, performing in various indoor venues from September through June and presenting a number of free outdoor concerts during the summer months.

The Middlesex Concert Band is chartered to provide an enjoyable listening experience, while helping to educate members of the band and the audience with exposure to a broad variety of music.

For more information about the Middlesex Concert Band, please visit our website at www.mcbconcertband.org.

Adding new dimensions to your world

By combining intelligent technology and human imagination, Axis adds new dimensions of insight, opportunity and value to people's lives. With passion and long-term commitment we create connected IoT solutions based on sight, sound and analytics that unlock hidden potential.

Today, our offering extends far beyond network cameras, covering a whole new world of application areas. And there is much more to come on the journey towards a smarter, safer world.
